

AS, Kandivli Wins First Prize at National Awards of INSSAN (Indian National Suggestions' Scheme Association)

*200+ participants from different parts of country representing
28 group companies in Public & Private sectors!*

At the end of the 3 day event of the 20th National Convention of INSSAN held at Rang Sharda, Bandra on 23rd January 2010, history was made by the i⁴ teams of Kandivli plant by winning the 3 top awards in different categories.

Mr. Sachin Sawant and team (Mr. Abdul Wahid, Mr. Ashish Kasture, Mr. Raj Singh, Mr. V. K. Vishnu) from Body Product unit won the first prize in **“BEST SUGGESTORS’ CONTEST”**. Also their suggestion on **“Material Cost optimization of Pik-up Vehicle”** was adjudged as one of the best among 67 top suggestions from all over India and awarded the second prize in the **“BEST SUGGESTION OF THE YEAR”** category. The suggestion from Central Maintenance Department on **“Compressed Air Energy Consumption”** by Shrikant Pawar & Sumit Belekar, the maintenance technicians was given **Merit Prize** in Best Suggestors’ category.

INSSAN Contests/Awards- which is one of it’s kind in India, is an event every company looks forward to. These contests recognize outstanding achievement by individuals and organizations in area of employee involvement and empowerment.

The theme of the convention was, **“Initiate-Innovate-Implement”** and it is in this context that i⁴ i.e. **Ingenious Idea Incubation and Implementation** teams are set. They are constantly striving to innovate for all round betterment of the plant and the company to make it a great place to work.

The i⁴ teams have been setting one benchmark after another under the nurturing leadership of their HOD and plant head, and this is one more feather in the cap.

Kudos to i⁴ teams of Kandivli

L to R:

1. Best Suggestors’ team with INSSAN President
2. Best suggestion team with INSSAN President
3. CMD team receiving Merit Prize
